

Claim Amendments

1. (previously presented) A dough composition comprising
 - a) flour, water and a leavening system in amounts sufficient to provide a leavened dough composition; and
 - b) 0.005 to 0.2 % by weight of propylene glycol alginate.
2. (original) The dough of claim 1, wherein said propylene glycol alginate is present in an amount of about 0.01 to about 0.15 % by weight of the total dough composition.
3. (original) The dough of claim 1, wherein said dough composition further comprises emulsifier in an amount of about 0.1 to about 2.5% by weight of the total dough composition.
4. (original) The dough of claim 1, wherein said dough composition further comprises gum in an amount no more than 0.4 percent by weight of the dough.
5. (original) The dough of claim 1, wherein said dough composition further comprises gum in an amount no more than 0.2 percent by weight of the dough.
6. (original) The dough of claim 1, wherein said dough composition comprises no more than about 0.05% of gum.
7. (previously presented) The dough of claim 1, wherein the dough composition is a biscuit dough composition that, when baked to provide a baked biscuit product, has a Springiness Value of about 0.35 to about 0.45.
8. (previously presented) The dough of claim 1, wherein the dough composition is a bread dough composition that, when baked to provide a baked bread product, has a Springiness Value of about 0.45 to about 0.55.

9. (previously presented) The dough of claim 1, wherein the dough composition, when baked to provide a baked dough product, has a BSV of about 2.5 to about 6 cc/g.
10. (previously presented) The dough of claim 1, wherein the dough composition, when baked to provide a baked dough product, has a BSV of about 3 to about 5 cc/g.
11. (previously presented) A dough product comprising
 - a) A dough portion comprising the dough composition of claim 1, and
 - b) A filling at least partially enrobed by the dough portion or on top of the dough portion.
12. (original) The dough product of claim 11, wherein said propylene glycol alginate is present in an amount of 0.05 to 0.15 % by weight of the total dough composition.
13. (original) The dough of claim 11, wherein said dough product is a laminated biscuit.
14. (original) The dough product of claim 11, wherein said propylene glycol alginate is present in an amount of 0.01 to 0.10 % by weight of the total dough composition, and wherein said dough composition further comprises emulsifier in an amount of 0.1 to 2.5% by weight of the total dough composition.
15. (original) A dough product comprising a dough composition of claim 1 and having no filling.
16. (original) The dough of claim 15, wherein said dough product is a laminated biscuit.
17. (original) The dough product of claim 15, wherein said propylene glycol alginate is present in an amount of about 0.005 to about 0.1 % by weight of the total dough composition.
18. (original) The dough composition of claim 1, said dough composition being refrigerated.

19. (currently amended) The dough composition of claim 18, said dough composition being disposed within a pressurized container in at least a partially ~~unproofed~~ proofed state.
20. (original) The dough composition of claim 1, said dough composition being frozen in an unproofed state.
21. (canceled)
22. (original) A method of preparing a baked dough product, comprising
- a) Providing a dough composition of claim 1 in at least one 0.5-8 oz portion in an unproofed state,
 - b) Proofing said dough portion,
 - c) Baking said proofed portion to provide a baked dough product.
23. (original) A method of preparing a baked dough product, comprising
- a) Providing a dough composition of claim 18 in at least one 0.5-8 oz portion,
 - b) Proofing said dough portion,
 - c) Baking said proofed portion to provide a baked dough product.
24. (original) A method of preparing a baked dough product, comprising
- a) Providing a dough composition of claim 20 in at least one 0.5-8 oz portion,
 - b) Thawing said dough portion;
 - c) Proofing said dough portion,
 - d) Baking said proofed portion to provide a baked dough product.
25. (original) A method of preparing a baked dough product, comprising
- a) Providing a dough composition of claim 20 in at least one 0.5-8 oz portion,
 - b) Baking said frozen dough portion without an intermediate thawing or proofing step to provide a baked dough product.

26. (canceled)
27. (original) The product made by the method of claim 22.
28. (original) The product made by the method of claim 23.
29. (original) The product made by the method of claim 24.
30. (original) The product made by the method of claim 25.
